**Home & Mobile 2-in-1 Model**

# 2-in-1 Communication

With the KX-PRX150, you can use both home and mobile phone features in one device. You can use the KX-PRX150 as a cordless home telephone on your landline when at home and as a 3G/GSM* mobile phone when away from home.

*A SIM card is required for 3G/GSM connections.

| Landline | 3G/GSM |

● **Choose a Suitable Call Type for Each Situation**

When at home, you can choose to make either a landline call or mobile call based on your needs, such as selecting the more affordable option.

● **Welcome Back Notifications**

When you return home, the KX-PRX150 automatically connects to the base unit. It also alerts you with sounds and notification icons if there are any missed calls, and informs you of the presence/absence of new messages on the landline.

# 3.5-inch TFT Colour LCD with Touchscreen

Thanks to the comfortable size of its touch screen, it is intuitive and easy to use.

# Multi-Function Telephone

You can use a multitude of convenient features, in the same way that you would use a smartphone.

Mobile Phone — Home Phone — Answering system
Web — E-Mail
Social Network — Camera
Video Call — Music

*You may be required to download and install an application from a website to use these functions.
*You must connect to a Wi-Fi® network (requires a wireless router) or to a 3G/GSM (requires a SIM card) to download applications.

# Stylish and Compact Design

The KX-PRX series has been designed to be lightweight and compact. Thanks to its small size, it is easy to carry around the house and receive incoming landline calls. When away from home, it can be used as a stylish mobile phone.
